**SECURE US WELCOMES NEW EMPLOYEE THOMAS OBERG**

July 16, 2010 – Secure US is excited to welcome its newest employee, Thomas Oberg, as the Director of Integration and Fire Alarm Sales.

Oberg's largest responsibility at Secure US will be expanding integration, CCTV and fire alarm sales in the Mid-Atlantic Region. Highly qualified, Oberg has a Nicet Level IV certification in fire protection engineering technology, as well as a "Q" Clearance from the U.S. Department of Energy. Both will allow Oberg to do his job to the best of his abilities.

"Tom is a great addition to Secure US for the continued growth and development in the Mid Atlantic region," said President Mitch Brozik.

Oberg was educated at Bob Jones University and Greenville Technical College in Greenville, SC. He has 26 years experience in coordinating and overseeing low voltage design specialties for a variety and complexity of projects.
